

2022

RAVENNA RIESLING

A WHITE WINE FROM WASHINGTON STATE

Corvidæ works with affordable fruit, sourced from Washington's Yakima Valley, and handcraft it into excellent wine. The crow family, including blue jays, magpies and ravens, are amongst the most brilliant and quick-witted birds, and adorn our labels to honor the intellect that is involved in our winemaking process.

WINEMAKER NOTES

This Corvidæ Riesling is a serious wine from old hillside vines located in Washington State. The wine is fermented entirely in stainless steel; mineral laden soils contribute to this wine's flinty character and lively flavors.

TASTING NOTES

The 2022 Corvidæ Riesling has a delicate nose showing hints of pear, lemon zest and tropical fruits as well as herbal and floral notes. On the palate there is medium acidity and a bright tartness to balance out the honeycomb sweetness and flavors of lemon curd, orange peel, and fresh pineapple. This wine has a long, citrusy finish with lingering notes of lime.
